

TBD — DRAFT, PENDING SARAH'S REVIEW

No-Show & Cancellation Policy

OptiMind Educational Strategies — prepared by Ruby Groves, Gemini Lane

Status · TBD / Draft Last updated · Aug 21, 2026

Scope

This covers what happens when a client does not show up to a live session, and when a client joins but does not meet the session-environment terms of the Service Agreement (quiet, private space, on a laptop). It is separate from — and sits alongside — **Sarah's existing 24-hour advance-cancellation policy**, whose fee amount and notice window are still TBD and tracked separately in the Parent Terms of Service document.

The No-Show Protocol

Timeline starts at the scheduled session start time.

5 MINUTES

Provider texts the client.

10 MINUTES

Provider calls the client. If the client is a minor, the parent is called as well.

20 MINUTES — NO ANSWER / NO LOG-ON

The session is ended. The client is billed for the **full session**. An email is sent to the client and, if the client is a minor, to the parent as well. A formal **"Regulation of Time Management"** email is also sent.

Documentation

- The provider notes the missed appointment in the client file.
- The provider notes whether the appointment has been rescheduled.

Billing Terms

Standard terms: a no-show **will** result in a full bill for the missed session. No exceptions built into this policy as currently scoped — **confirm with Sarah whether any exceptions apply (e.g. documented emergency)** .

Session-Environment Adherence

The same no-show consequence applies if the client does not adhere to the Service Agreement's session-environment terms — joining from a **quiet, private area**, on a **laptop**. If the client does not join under those conditions, the session is terminated and billed as a no-show, following the same billing terms above.

ACTION ITEM — SERVICE AGREEMENT

This policy needs to be reflected in the **Services Agreement**. Since the current Services Agreement on file is a signed, executed document (sops/Services-Agreement.docx), it wasn't edited directly — retroactively altering an already-signed contract isn't appropriate without a proper addendum or a new template revision.

Draft clause below for Sarah/legal to review and insert into the Services Agreement template going forward:

No-Show & Session-Environment Policy. If Client fails to join a scheduled session, Provider will attempt contact by text at five (5) minutes and by phone (and, if Client is a minor, to Client's parent/guardian) at ten (10) minutes past the scheduled start time. If Client has not joined the session within twenty (20) minutes of the scheduled start time, the session will be ended and Client will be billed for the full session fee. Client and, if applicable, Client's parent/guardian will be notified by email, including a formal notice regarding time management. The same no-show billing applies if Client joins but does not do so from a quiet, private location using a laptop computer, as required elsewhere in this Agreement — in that case the session will be terminated and billed as a no-show. Provider tracks early cancellations, late cancellations, and reschedules as separate, distinct outcomes in Client's record.

Open Questions for Sarah

1. Does this no-show protocol apply uniformly to all client types (school-age, college, adult), or does the parent-notification step only apply to minors as written?
2. Are there any exceptions to the full-session no-show bill (documented emergency, provider error, technical failure on OptiMind's side)?
3. What is the exact wording/template for the "Regulation of Time Management" email?
4. How does this relate to the existing 24-hour advance-cancellation policy referenced in the Parent Terms of Service — same fee, or a different one?
5. Approve the draft Service Agreement clause above (or revise) so it can be added to the template for future signings.
